CO-OPERATION OFFICE

Anna Lindh Regional Networks Meeting
Alexandria 7/8 September 2005

Next 3 Years

- Consolidate EUMEDCONNECT network
- Encourage collaborative network usage
 - Connecting major project sites (instead of via commercial Internet)
 - Hosting project databases in any connected country
 - Grid computing
 - Real-time applications requiring high bandwidths and reliable connections (e.g. videoconferencing, tele-medecine)
- Sustain beyond June 2006 with EC, partners and users support
 - i) Extend to Dec 2007 with existing funds
 - ii) Seek Neighbourhood Programme funds for longer term
